

MSc PG Project List 2023-24

R. A. Arts, Shri M. K. Commerce & Shri S. R. Rathi Science College Washim

Department Of Physics

MSc II SemIII Project 2023-24

Sr. No.	Name Of the Students	Title of the Research Project
1	Ku. Bharti Baban lade	The Development of PVA –PEG Based Solid Polymer Electrolyte System
2	Santosh Suresh Ghase	Synthesis and Structural investigation of PVA Polymer thin fi
3	Sayyed Soheb Fazal Ashfaq	Synthesis and Characterization of PVA – PEG Polymer Blend
4	Ku. Lalita Santosh Shrama	Investigation of Optical Properties of PVA Polymer thin film Doped with Fe ₃ O ₄
5	Ku. Pallavi Shankarrao Borkar	The Preparation & Characterization of PVA Based Polymer Nanocomposite
6	Huzefa Fatema Abdul Waheed	DC Conductivity Study of ZnO Nano- Polymer Thin Film
7	Shyam Manikrao Gwali	Synthesis and Characterization of PANI (Polyaniline) Based Polymer Nano-Composite
8	Mahadev Ramdas Kadam	Structural Investigation of PVA-PEG Polymer Blends Doped with NH ₄ Br
9	Ku. Mayuri Prakash Bhakre	Synthesis and characterization of ZnO nanomaterials
10	Ku. Snehal Datta Kavar	Synthesis and characterization of L Tartaric acid single crystals
11	Ku. Priyanka Rameh Jadhao	Synthesis and characterization of Thiosemicarbazide single crystals
12	Kishor Haribhau Gote	synthesis and characterization of Amino acid based Single crystals
13	Ku. Arati Ganesh Surve	Synthesis and characterization of L-Tartaric Metal organic single crystals.
14	Vaishnavi Shivajirao Pavar	Synthesis and characterization of CuO nanomaterials
15	Ganesh Rameshwar Mule	Synthesis of ZTC and ZTS based Single Crystals
